

CENTRAL INTELLIGENCE AGENCY

OFFICE OF THE DEPUTY DIRECTOR

21 April 1983

NOTE FOR: Chairman, TTIC

Fred:

Regarding the attached, the DDCI appreciates your efforts in looking into technology losses through trade fairs, etc., and understands your intentions in suggesting NASA participation in TTIC. He thinks that would be unwise, however, because NASA is primarily interested in selling their wares and participation in TTIC would therefore corrupt the Committee's independent judgments.

He does think it would be all right for you to invite NASA to brief the Committee on occasion if doing so would be helpful. He will not approve NASA membership or observer status on the Committee.
